 16.41-36 12-17

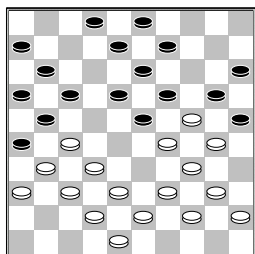

**17.49-44?** te risico vol, gokt zelf dat ik hier wel beter uit zou komen, wat ook gebeurde maar eigenlijk is deze zet niet speelbaar en moet wit kiezen voor een variant zoals in de database van Turbodabase staat. Nu staat wit verloren. Gelukkig profiteerde mijn tegenstander hier niet van.

[ In de database ging het op de volgende manier verder >17.33-28 9-14  
 18.28x19 14x23  
 19.27-22 18x27 20.29x9
